

# Greetings,

This past Sunday, during worship, we passed out slips of paper for people in worship to indicate their favorite hymns as we prepare for worship in the weeks of summer. Normally, we open worship with a hymn sing; however, sometimes we have so many hymns that our worship goes well beyond the sixty minute mark. So, in an effort to slim that down, folks may submit their favorite hymns in advance, and they will be drawn “by lot” each week to be used in the service of worship. We had a total of 61 hymns submitted, with several of those hymns being suggested by more than one person. There were eleven hymns chosen are not in our hymnal, and some of them aren’t in our previous hymnal. I did appreciate the slip that had the following hymns listed: “Crystal Blue Persuasion” by Tommy James, “Be Free” by Loggins and Messina, and “Ain’t No Mountain High Enough” by Diana Ross. Now if I could only figure out how to work them into a Sermon!!! So, what happens next. Well, each hymn was written down (some hymns had more than one person suggesting them) and then each hymn was assigned a number. And then, I simply used my Bingo Cage to let the number roll – four for each week, five for communion weeks – until the entire summer was filled. Sadly, some hymns did not get selected. The master list of hymns, and the dates they will be sung on is not posted on my office door so that you can take a look (or you can check each week in the bulletin, to see if one of your hymns was selected).

A silhouette of a person with their arms raised in a gesture of praise or worship, set against a vibrant sunset sky with orange and yellow hues. The person is positioned in the center-right of the frame, with their arms extending towards the left and right edges. The background shows a horizon line with some distant figures or structures, suggesting an outdoor setting like a beach or a large open space.

# Suffs fundraiser

**Come out for a fun evening of tea, snacks, and fellowship to support GCC Values and Visions Group's various campaigns and causes.**

On July 9, 1848, Jane Hunt invited Elizabeth Cady Stanton to her house for tea. Hunt was a Quaker, and she invited three other Quakers—Lucretia Mott and her sister, Martha Wright, and Mary Ann McClintock—to the gathering, too. All five women started the afternoon as individuals. But by the end of the day, they were at the helm of a collective movement that would change women's lives forever.
