

Men's Club Update:

At our last breakfast, we learned that 3 people volunteered at the Habitat Restore event. They were put to good use, but we may want to consider how many are available for the next time so that we are better represented.

Tom let us know that all of the Saturdays are already filled this summer at the fundraiser at the Franklin Sendik's. Therefore, he signed us up for Friday, 6/19 and Friday 7/17. Both are from 11:00-4:00. Sign-up's will be put out at a later date, but mark those on your calendar for those able to help out.

Jason has a potential project for our group to help with some drywall and other work at a Mukwonago food pantry. Wally is getting some more information on that.

Muskego Feeds sign up is open. There is a sheet hanging up in the hallway at church. The event is on 3/14 from 10:00-11:00am. We have 30 slots allocated to GCC.

The next breakfast is this week Thursday, 2/19 at Dia. I probably will not be there, so hopefully someone else can take notes and send out the next email.
